

FreshCart Customer Refund Policy

Version 2.0 · Effective 15 June 2022

1. Scope

This policy governs refunds for food delivery orders placed through the FreshCart consumer application. It applies to all orders in India from the effective date above.

2. Eligible reasons for refund

A customer is eligible to request a refund where the order was not delivered, was delivered materially incomplete, arrived in a spilled or damaged condition, or where the items delivered do not match the items ordered.

2.1 Spillage and damage

Spillage means leakage of contents from the packaging. All spillage claims attract a full refund of item value. Photographic evidence must be submitted within 12 hours of delivery.

3. Claim frequency limits

A customer may make up to two refund claims in any rolling thirty day period. A third and any subsequent claim within that period is automatically declined.

4. Refund timelines

Approved refunds are credited to the original payment method within seven to ten working days.

5. Exclusions

Refunds are not available where the customer provided an incorrect delivery address or where the claim is made more than 24 hours after the delivery timestamp.
